SUSTAINABLE PROCUREMENT POLICY

We at VOL Promote Sustainable Procurement Policy by:

- Encouraging the purchase and use of materials, products and services that best align with the VOL's environmental, health & safety, social, economic and performance goals.
- Reducing the spectrum of environmental impacts from VOL use of products, including reduction of greenhouse gas emissions, reduction of landfill waste, health & safety risks and resource consumption.
- Incorporating sustainability standards into procurement decisions.
- Purchasing from suppliers that follow sustainable labour practices.
- Purchasing from suppliers complying with all applicable compliance obligations but not limited to Environmental, social & health & safety legislations.
- Preferring local purchase of products, materials & service.
- Empowering VOL's purchasing staff & user departments to be innovative and demonstrate leadership by incorporating progressive and best-practice sustainability specifications, strategies and practices in procurement decisions.
- Encouraging vendors to promote products and services that they offer which are most suited to the VOL sustainability principles.
- Promote awareness in all employees and interested parties.
- Establish the process necessary to deliver the results in accordance with the requirements and implement the process to ensure Sustainable procurement practices.
